Hi Bonnie –

Thank you for talking with me this afternoon. I am sending this e-mail to document our conversation and to send you the links to online information that we discussed.

After verifying that you had received communications about the the extension and the fee waiver denial, we clarified the scope of information being requested. You were looking for letters, e-mails, petitions, resolutions or other similar documents received by EPA that express support or opposition for the EPA 404(c) process. Large documents can be referenced rather than copied. The time period of interest was after the docket closed in 2013.

Here is the link to the Bristol Bay FOIA reading room we discussed that has Region 10 correspondence.

In addition, we discussed the search capability of FOIA online, where there is publicly available information. Here is the link to FOIA online.
